NEXT NOS SHOW COMMITTEE MTG.
September 28, 2017
(following BOD mtg. at 6:30 PM)
All are welcome.

A MESSAGE FROM OUR PRESIDENT, DICK PIPPEN, RPIPPEN@COMCAST.NET

Greetings Orchid Lovers—Wow! What a great turn out for our April regular meeting. 105 people and lots and lots of very nice plants brought in for the Plant Table "friendly competition," as well as lots of delectable "goodies" to entice our appetites on the refreshment table. (Thanks to all you people who faithfully keep our refreshment table full of tasty tidbits!!) Everyone was prepared to hear Axel Cahiz from Amazonia Orchids, Homestead, FL, talk about some of his favorite orchids, but the birth of his and his wife's first baby precluded his coming to our meeting. So, fortunately, we have Bill Overton who was willing to step in with literally a moment's notice, and deliver an excellent presentation on some of his favorite orchids, the New Guinea (Latouria) and Hairy Dendrobs! Thanks Bill!! We really appreciate your willingness to step in where and when needed. Also, I need to give special thanks to Lanelle Bishop and Sheila Demkovitch who labored relentlessly throughout the meeting (as they do most meetings) to take care of our Plant Table. Tabulating all the votes, putting the ribbons on the winning plants, sacrificing hearing the speaker is a major effort, especially at our April meeting when so many plants were displayed. They could really use some help if anyone would like to volunteer to help. "You don't know enough you say"—well volunteering is a great way to learn ☺.

I am very pleased to announce that, once again, we are able to support two interns from Dr. Larry Zettler's Orchid Recovery Program (Illinois College) to continue their on-going study of the Ghost Orchid in the Fakahatachee Strand and the Panther Preserve this summer. And not only the two interns - we are also able to help fund Dr. Ernesto Mujica and his associate, Dr. Elaine Gonzalez from Cuba (assuming they are able to obtain visas.) The Board of Directors agreed to fund $4000 for this project and Bill Overton agreed to add the additional $1000 needed. Thanks again to Bill!!! Hopefully we will be able to hear all about the progress being made on this project at our July meeting.

Speaking of meetings—our May meeting, May 4th will feature John Budree who was supposed to be our March speaker, but was unable to come. He will be telling us all about Phalaenopsis. Then for June—a special treat—Mark Reinke from Marble Branch Farms in South Carolina will be our featured speaker. Mark is an excellent hybridizer of orchids and I am sure will be a very interesting speaker and have some interesting plants to sell. HOWEVER—Mark cannot make it on the first Thursday of June, so for this year only, our June meeting will be on the SECOND Thursday of June, June 8. Please mark that in your calendars. Until then—keep your orchids happy. …….. *Dick*

ATTENDANCE AT MAY MONTHLY MEETING: 105 RAFFLE PROCEEDS: $195
SCARF PROCEEDS: $65

Kit Kitchen-Maran's donation of a lovely handmade silk scarf and REAL Cuban Rum brought in $65 in the raffle. NOS member Wendy Mazuk was the winner! Congrats!!!

PLEASE SUPPORT OUR NOS 2017 SHOW SPONSORS:

Expanded e-version will have more information about our sponsors.

TASKS FOR MAY

From Florida Orchid Growing – Month by Month by Martin Motes, Ph.D.

- **Space plants properly for good air circulation.**
- **Trim excessive foliage on trees & shrubs.**
- **Repot *Phalaenopsis* out of sphagnum.**
- **Finish repotting of various genera.**
- **Reset vandaceous plants, remove keikies.**
- **Water heavily early in month, more guardedly later.**
- **Initiate preventive spray maintenance program.**

Thank you to our April refreshment providers: Melina & Leo Au, Cheryle Daniel, Lola Moncsko, Marilyn Moser, Elaine Gates, Rae Jean Walker, Maria Schoenfelder & Joylett Davis; to our Raffle Table worker: Sue Roehl; to our Plant Table workers: Lanelle Bishop & Sheila Demkovich. Please contact Mary Jo Shively @ maryjoshively@gmail.com if you would like to bring refreshments for our May or June monthly mtgs.

Please welcome our newest NOS members William Thomas, Mary Lane, Lia Hemphill, Mary Neiderhiser & Larry Fletcher.

Care and Condolence: A get well card was sent to NOS member Barbara Crist.

May 5-7: Platinum Coast Orchid Society "A Festival of Orchids," 951 Kiwanis Island Park Road, Merritt Island, FL; Contact: Betty Adamson, 321-632-2847; jadamson1@cfl.rr.com.

May 13-14: Volusia County Orchid Society Show "With Love," 3100 East New York Ave., DeLand, FL; Contact: Jennifer Reinoso, 386-822-3178; jenorchid@bellsouth.net.

May 17-21: 2017 AOS Spring Members Meeting, Coral Gables & Homestead, FL. Info: www.aos.org.

May 19-21: 21st Annual Redland International Orchid Festival 2017, Redland Fruit & Spice Park, 24801 SW 187 Ave., Homestead, FL. Info: www.RedlandOrchidFest.org.

A BUS TRIP TO REDLAND INTERNATIONAL ORCHID FESTIVAL 2017

We are joining up with SWF Orchid Society, Sanibel, and GCOA for a BUS TRIP May 20th, a Saturday, to the Redland Orchid Festival. $30 includes admission and bus ride! There's room under the bus for purchases.

Pick up is at Island Draperies, Exit 101, at 8:30 and leaving at 3:00 to return by 5:30 pm. Checks or cash should be turned in at the May meeting as it is "First Come, First Ride!" www.RedlandOrchidFestival.org. You can contact Lanelle at 239-250-8291 or 239-352-1860 or lbishop52@gmail.com

NOTES FROM YOUR AOS REP. AND THE ORCHID DOCTOR

Bill Overton

It was really very special to get the opportunity to speak before the club last month! Over the last ten years or so, Dendrobiums have had an expanded role in my own personal orchid collection. For the simple fact that so many of the Latouria and Nigro-hirstue types bloom again and again from the same canes make them doubly rewarding.

These orchids are easy to grow provided you meet their basic needs. Remember to use a fairly fine orchid media, not open with coarse chunks or large pieces. They possess fairly thin roots and demand more water than most orchids. Also keep it in mind that they do not like to be 'over-potted.' Make sure the pot size is appropriate to the size of the viable root system. Do not allow for two years future growth like you might with a Cattleya. Dendrobiums grow bulbs fairly close together along their rhizome, thus they never really fill up a pot that is too large. Lastly give these orchids good air movement, regular waterings and a couple hours of sunshine each day. Morning sunshine is always the best. For the remainder of the day just give them bright light. Mine are growing under 50% shade cloth.

The other thing I wanted to mention is to remind everyone of the upcoming Redlands Orchid Festival at the Fruit and Spice Park in Homestead, Florida. It is a spectacular event featuring dozens of vendors with plants, supplies and specialty items all orchid related. This is the one event you do not want to miss. It is a three day festival on the weekend of May 19-21, 2017. I am going over on Friday and hope to see a few of our club members there! …….. *Bill*

PHOTOS FROM OUR APRIL MONTLY MEETING

Photos by Dick Pippen

Minutes of the NOS Monthly Meeting
April 6, 2017
Submitted by Cynthia Bock, Secretary

President Dick Pippen called the meeting to order at 7:30 pm. He reviewed the emergency exits & emergency procedures & thanked Mary Jo Shivley & all those who made and brought in the refreshments.
Former President of Naples Orchid Society, Joe Brzoza, passed away. He lived in the home where we now have our shade house. Condolences to his friends and family.
John Budree will be our speaker in May and will speak on Phalaenopsis.
Special speaker for June is Mark Reinke, Marble Branch Farms, South Carolina. He can't be here the first Thursday of June so our meeting will be June 8th.
Membership chair Veronica announced we need 3 more likes on Facebook to reach 200. Total membership is now 202. We are putting together a printed roster. Please check your info.
Nanett Boerner, Treasurer, reported that we still don't have final numbers from Show. Collier Community Foundation gave us a grant to update our website. We have $10,959.69 balance in bank account & a $5463.57 surplus.
Lanelle Bishop reported that there is room on the bus for the May 20th Redlands Orchid Show.
Kit Kitchen Maran announced that NOS has voted to fund the intern program again this summer (with the support of Bill Overton.) We will support 2 students from Illinois College and perhaps Dr. Mujica and Dr. Elaine Gonzalez. They will continue their study of the ghost orchid. She also announced that the Amazon Smile program will support NOS.
Daivd Orr announced that our speaker scheduled for tonight, Axel Cahiz of Amazonia Orchids, Inc. is unable to be with us tonight. Stepping in was Bill Overton, AOS Judge, AOS Rep. & Orchid Doctor presenting on the New Guinea and Hairy Dendrobs of the Genus Dendrobium.
Plant Table winners were announced and raffle winners were drawn.

Jade Orchids of Collier, Inc.
285 Morgan Road
Naples, FL 34114
Tuesday to Saturday **Owners:**
10:00 AM to 4:00 PM **Dave & Judy White**

Email: JadeOrchids@embarqmail.com
Offering 10% discount on plants for NOS members.

AND THIS FROM NORM DOLDER:
Looking for someone to care for your orchids while you are away on vacation? Need help with repotting? This gal is available, reliable and knowledgeable: Gloria Restrepo can be reached at 239-293-8083.

And NOS member Wendy Mazuk is offering orchid care, repotting, watering, clean up, fertilizing & trimming. She can be reached at 561-309-1010 or wmazuk@gmail.com

AWARDING ORCHIDS – A REFRESHER ON WHAT THOSE LETTERS MEAN

HCC/AOS – Highly Commended Certificate 75-79 points
AM/AOS – Award of Merit 80-89.5 points
FCC/AOS – First Class Certificate 90 points or more
CHM/AOS – Certificate of Horticultural Merit - Odd or rare species with horticulturally desirable qualities.
CBR/AOS – Certificate of Botanical Recognition – New or never before exhibited species.
CCM/AOS – Exhibition plant grown to special size, beauty & excellence of culture; only award given to grower & not to plant, 80-90 points.
CCE/AOS – Same as CCM but scoring 90 points or higher.

BE ON THE ALERT FOR PESTS ON YOUR ORCHIDS!!!

With the warm dry weather we have been experiencing watch out for thrips and mites. Thrips are tiny insects, 1/32" long, & feed on flowers, buds and leaves, sucking out the juices. If you suspect thrips try shaking the bud/flower over a white sheet of paper and watch for tiny black specks. The most effective treatments are systemic – Orthene (Acephate) can be sprayed directly on to flowers. If you do not want to use the systemic chemicals you may use alcohol or Neem oil but will need to use more frequently as these are only topical. Be sure to spray in early morning or late in day. Mites cause similar damage and require a miticide. Make sure you are using correct pesticide before treating any pests. FOLLOW ALL DIRECTIONS!

An Orchid Vignette—Jamaica Red Brandi

Cattleytonia Brandi and *Cattleytonia* Jamaica Red are two vibrant red Cattleytonias. Cattleytonias are traditionally a combination of a species of *Broughtonia* (usually *Bro. sanguinea*) and a species of *Cattleya.* But these, *Ctna*. Brandi and *Ctna*. Jamaica Red, are more complex hybrids.

Cattleytonia Brandi resulted from crossing two different Cattleytonias: *Ctna*. Rosy Jewel x *Ctna*. Keith Roth. It was created by Richella Orchids in Honolulu, Hawaii and registered by them in 1982. It has received one AOS award, an AM in 1993 to the cultivar 'O.C.' The flowers are purplish red with a darker reddish lip, and like its parent, *Ctna.* Rosy Jewel, it has that has yellow striations in the lip. *Ctna*. Brandi has been used as a parent in at least 42 registered crosses! I love some of the names of the offspring, "take-offs" on the Brandi theme: Swill of Brandy, Sniff of Brandy, Dash of Brandy, Nip of Brandy, Double Brandy, Chocolate Brandy and many more. You can get drunk on just the names! Because *Ctna*. Rosy Jewel is now a *Guaritonia,* that makes Brandi a *Guaricattonia.* Go figure!

Cattleytonia Jamaica Red was created by backcrossing *Cattleytonia* Keith Roth with *Broughtonia sanguinea*. It was created by W.W.G Moir of Hawaii (Moir was the pioneer in making hybrids using *Broughtonia*) and registered by him in 1972 (thus it a "much older" grex than *Ctna*. Brandi).

Ctna Jamaica Red has been a very popular and successful grex. It has earned 24 AOS awards and has been a parent in 37 crosses, with about 190 "grandkids!" The flowers are a very vibrant red-lavender color with just a little yellow striping in the throat,

An advantage of Cattleytonias is that they are "smallish" plants, less than a foot high with clusters of 5-7 flowers held high above the foliage on 6-8 inch stalks. That makes them much easier to see since the flowers themselves are small, usually only about 2 inches across and "flattish," reminding me of pansies in shape, not colors. For people in "the North" these are good windowsill plants, but for us here in SW Florida, they grow well in pool cages or shade houses and do not take up a lot of space. Many Cattleytonias, including these two, flower more than once a year.

Cattleytonias prefer bright light, high humidity, lots of water in the growing season and less in the dry season. I grow my plants in a pool cage where they receive bright filtered light. I am growing most of my plants now in a bark mix (bark, charcoal, sponge rock). I fertilize weakly about once a week. I really like Cattleytonias and I think you will, too. Give them a try.
