## A MESSAGE FROM OUR PRESIDENT, DICK PIPPEN, RPIPPEN@COMCAST.NET

**Greetings Orchid Lovers: What a great meeting we had on November 5. One hundred and twenty eight people showed up to learn all about orchid roots from John Salventi and Tom Purviance (formerly of Parkside Orchids, Ottsville, PA; but now "retired" to Sarasota.) Don't trim your roots when repotting; the amount of water you give your orchids depends upon several factors, most importantly the potting media; the "white coating" on most epiphytic orchid roots, called the velamen, functions to absorb water and minerals and "hold them" for awhile. Great presentation! We were also treated to a second presentation from Kylie Bucalo who told us about DNA barcoding of native orchids in the Fakahatchee and also in Siempre Verde in Ecuador. This is a very exciting project that develops "fingerprints" based on DNA, but don't expect those little barcodes we find on everything in the store on the orchids in the near future ☺. The Naples Orchid Society supported Kylie's project through an internship (thanks to a generous donation by Connie and Lake Sims.) And, an additional presentation by Shan Wong, who brought her poster explaining her study on the fungal association of several orchids growing in mulch in the Miami Zoo. Shan's project was also supported by the Naples Orchid Society through a generous donation from Sheila Demkovich and Carolyn Booker.**

**At the risk of repeating myself I want to remind you again that we are excited that our 2016 NOS Orchid Show and Sale will be at the Naples Botanical Gardens during the last weekend of February. This year the show will only be open to the public for two days, Saturday and Sunday, February 27 & 28, from 9 – 5. To attend the Show you have to enter the Botanical Gardens and pay the normal entrance fee of $14.95. However, Naples Orchid Society members (and Naples Botanical Garden members) WILL GET IN FREE!!! You will need your up-to-date 2016 membership card and a photo ID. So, it is VERY IMPORTANT that you get your 2016 membership fees paid before the end of February.**

**Also since each year the November meeting is our Official Annual Meeting we had the election of our officers and directors for 2016. The complete list will appear elsewhere in the newsletter. I do want to take this opportunity to thank Marilyn Moser who has served as our AOS representative for the past 11 years. Bill Overton was elected as the new AOS representative. And also thanks to Lola Moncsko for serving as a Director during 2015. We appreciate all of her contributions and welcome Carolyn Booker to the position as One Year Director. And many thanks to Laura Stacell for all her good work and effort as Publicity Officer for the past two years. Jim Rawson was elected as our new Publicity Officer. Good luck to all of these. And lastly, I would like to thank everyone for their willingness to put up with me for another year as President. I hope that I can live up to your expectations.**

**I want to take this opportunity to extend a thousand thanks to all those who volunteered at our Fall Orchid Sale on November 14 (with "prep" on Nov 13). The sale would not have happened without your help and it certainly would not have been the success it was without good "helpers." I want to especially extend sincere thanks to Sheila Demkovich and David Orr for their monumental efforts in putting the sale together, lugging plants to and fro the greenhouse and all of the other "nitty-gritty" things that they did. I also want to thank Lanelle Bishop for coordinating the "food-for-volunteers," her son, Chef Greg, for the great sandwich wraps (and pickles) and to all the people who brought in such delightful and tasty treats. Not only do we like to grow orchids, but we also like to eat! Thanks again to everyone that made this event a success!!!!!**

**Don't forget our December Holiday Potluck Party is "just around the corner," on December 3. I know we are all looking forward to enjoying this event with our fellow and sister orchid lovers, oh yeah, and also the excellent, tasty food!! In the meantime, enjoy your orchids!! *Dick***

## Holiday Potluck Dinner Party For Members

**We are looking forward to our Annual Holiday Pot Luck Dinner on December 3rd, 2015 at 6pm. Please bring your favorite appetizer, entree, salad, vegetable, dessert, drinks, or bread to share with all. We provide the MEATS.**
**We will be raffling off some beautiful baskets, enjoying some Holiday music, getting our FREE orchid, and shopping for orchid supplies from Broward Orchid Supply. Most of all we have fun being together. We have a great Committee this year working hard to make this a very festive party. See you ALL there by 6:00 p.m. at Moss Hall, next door to where we meet every month at the Moorings Presbyterian Church. Please remember - no alcoholic beverages! Please bring a non perishable food item for Collier Harvest…..*Lanelle Bishop, 2nd VP and Committee, Lbishop52@gmail.com***
***From NOS Editor:* Please don't forget that Broward Orchid Supply will be there with orchid supplies.**

### A MESSAGE FROM 2016 NOS SHOW SPONSORSHIP CHAIR RAMON CHAPA

**Our 2016 NOS Show & Sale will be held at the Naples Botanical Gardens on February 27-28 (Saturday & Sunday,) from 9:00am - 5:00pm. A substantial increase in attendance is anticipated due to the several favorable amenities offered by the Botanical Garden; an increase in attendance normally results in an increase in expenditures. We need to have sponsorship information to printers for our rack cards by December 15, 2015. We are urging those that have already committed to donating to send in their check before then & also requesting members to help us find more donors. Those donating after Dec. 15 will still be recognized in Newsletter, on Website & posters/programs at our Show. Sponsors will also receive complementary tickets to the show. Naples Orchid Society is a non-profit 501(c)(3) organization; donations are tax deductible. Donations may be mailed to P.O. Box 7998, Naples, Florida 34101 as soon as possible. PLEASE REMEMBER TO SUPPORT ALL OF OUR SPONSORS! Contact: Ray Chapa, 214-277-4622; rchapa727@gmail.com.**

### AND A MESSAGE FROM NOS ORCHID SALE (NOV. 14) CHAIR & NOS DIRECTOR SHEILA DEMKOVICH

**To all who helped with the NOS Orchid sale on Friday and Saturday, many thanks! This is the largest fundraiser for our organization, which keeps our membership price low and our excellent monthly speakers engaged, along with the rent paid on the space. This doesn't happen without a year of planning and contribution by many volunteers.**
**A special thank you to David Orr, without whom the sale would not have happened. Those who contributed from their own collections are: Delores McLean, Eileen Davidson, Jean & Laban LeBuff, Eunice Walker, Kit Kitchen-Moran, Marilyn Moser, Roberta Ury, Mary Jo Shively & Bill Overton.**
**Thank you to the following who helped immensely: Veronica Catrombon, Carolyn Booker, Jim Rawson, Lanelle Bishop,and Corrie Van Caulil and Paul Demkovich.**
**I want to thank the many people who scrubbed plants and talked with people, who didn't know what to buy: Susan V., Mary Jo S., Wes R., Eunice W., Nancy M., Mark H., Roberta U, Elaine G., Patrece R., Bette E., Ann O., Joylett and Kenny, and Terry. Thank you to the clerks and cashiers: Kris M., Cynthia B., Alice T., Marilyn M., Roger and Angie D., Mike B., Susan R. and Julie. Kit-thank you for the St. John Neumann Key Club students who helped carry for customers. Sharron A.-thanks for your help in returning plants to the shade house. Dick and Bill-thank you for fielding the in-depth questions from the shopping audience!**
**If there is anyone I have missed, I apologize, as it is unintentional. Thank you all for making the sale a success!**
***Sheila Demkovich, Chair***

## An Orchid Vignette—Bryce Canyon—But Not The One In Utah!

The Bryce Canyon in Utah is truly a spectacular place. I think it must have been a favorite holiday spot for some of the people at Armacost and Royston Nursery because they named a very beautiful orchid in its honor. But first, a history lesson ☺. Armacost and Royston was one of the "old original" orchid nurseries, in Carpinteria, California. They started out as a general nursery, but got seriously interested in orchids in 1920, first as growers of cut-flower, corsage orchids, and gradually moved into the "orchid hobby trade" as well. They were pioneers in growing orchids from seeds in sterile culture and later in the "art of meristeming." Their first registered hybrid orchid cross was *Cattleya* Saturn (*C.* O'Brieniana x *C. gaskelliana*) in 1916. At least 1,156 orchid greges (hybrids) have been created and registered by them. Leo Holguin was their "chief orchid breeder" and his wife, Irene was one of the main people who developed their seedling and meristeming culture laboratory. In 1977 they were acquired by Stewart Orchids, which is also now closed. And now, back to *Blc*. Bryce Canyon.

*Blc*. (*Brassolaeliocattleya*) Bryce Canyon is a classy "classic" corsage-type orchid with an exquisite spicy aroma. It was created at Armacost and Royston and registered by them in 1973. It is a cross between *Blc*. Nacost and *Blc*. Patricia Purves. Both of the parents are also Armacost and Royston creations in 1960 and 1961 respectively.

*Blc*. Bryce Canyon, beautiful as it is, has only received two AOS awards, one HCC and one AM (in 1979), both to the cultivar 'Splendiferous.' However, the grex has been viewed as an excellent potential breeder and has been used as a parent in 144 registered crosses, with 200 registered "grandkids."

This is a medium sized plant with pseudobulbs and their single leaves no more than a foot tall. The flowers are four to five inches across. The sepals and petals have been described as "iridescent raspberry lavender" with a "mustard green-yellow" in the throat. The flowers have an elegant rich spicy fragrance during the daytime. Regrettably Bryce Canyon is a one-time-a-year bloomer. My plant regularly blooms in late November, early December and the flowers last about a month. I grow Bryce Canyon in a clay pot in a mix of lava rock, charcoal and Hydroton and keep it in a west-facing pool cage, fertilizing, as usual "weakly-weekly."

Another very nice Armacost and Royston creation, and almost a "twin" to Bryce Canyon, is *Blc*. Murray Spencer (*C.* Nigrella X *Blc*. Memoria Crispin Rosales). This grex is a little "younger" than Bryce Canyon, having been registered in 1980. Actually the grex was created by Murray Spencer of West Covina, California, but registered by Armacost and Royston. *Blc*. Murray Spencer has earned two AOS awards including a FCC in 1979 to the cultivar 'Armroy's Dark Star.' This grex has been used as a parent in 24 crosses. Unfortunately I do not have a plant of Blc. Murray Spencer, but the cultivar 'Armroy's Dark Star is available at Jade Orchids.
