A MESSAGE FROM OUR PRESIDENT

Dick Pippen
Rpippen@comcast.net

Greetings Orchid Lovers—I was sorry to have missed the February meeting. It seems that I needed a week-long "vacation" in the hospital. I am now feeling much better, thank you. I was pleased that several people stepped up to see that the meeting went smoothly in my absence. I want to especially thank David Orr and Veronica Catrombon. I hope that Elaine Gates and Kit Kitchen-Maran's presentations and demonstrations on orchid cut flower arrangements and building an orchid container(which I heard were very good) inspired many of you to try your luck with arrangements and containers for the show.

Speaking of shows, by the time you receive this newsletter the show will be upon us. I hope that all of our members will "pitch in" to help by volunteering and or entering exhibits. Remember if your membership is current, you "get in free."

Saturday the 16th of February was the last of the six programs in the Basics of Orchid Culture Program. We had 30 people sign up for the classes, all of whom have been very appreciative of the information they have received (as well as the several orchid plants, too)and our team of local "experts" who presented the programs. I want to thank the presenters: Kris Morton, Carolyn Booker, Karen Davenport, David Orr, and Elaine Gates (who substituted for Jim Longwell). Because of them we had a Culture Class that we all should be proud of.

I am very pleased and excited to report that the speaker at our March meeting will be Francisco Miranda of Miranda Orchids. Francisco is an excellent speaker (he has spoken at several of our meetings in the past), and he also does a lot of "orchid breeding" so he usually has a number of his own crosses available for sale. This should be a meeting that you won't want to miss. Until then—keep your orchids happy. *Dick*

Minutes of the NOS Monthly Meeting
7 February 2019

Respectfully submitted by Veronica Catrombon

The meeting was called to order at 7:43 PM by **1st Vice President David Orr** in President Dick Pippen's absence. He reviewed the emergency procedures and thanked the refreshment providers and Mary Jo Shively for coordinating.
Our Orchid Show will be followed by Naples Botanical Garden's Orchid Fest, a week-long event. NOS has been asked to leave a few exhibits from our Show in Kapnick Hall for the event. David asked for exhibitors to consider this and let him know. There were also sign up sheets for all exhibitors to indicate their chosen show categories so the set up committee can plan for the required space.
David reminded us that there is $4000 in awards committed for our show this year. In years past, not all categories had entries and therefore prize money was not awarded int those categories. He encouraged all levels of hobbyists to enter a plant or exhibit in this year's show. There were anecdotes from the members relating stories of reluctant exhibitors who won awards at past shows. 'Don't be shy' was the clarion call!

Sheila Demkovich, Treasurer, reported our balance in checking is $15,062 and in money market $23,509. Also, the Liability Insurance has been paid.
Sheila also reviewed the Show budgeting. Our Show costs the Society $10,000 to present. The Garden provides a portion of the admission proceeds to us, which has been about $10,000.

Veronica Catrombon, Membership Chair, reported that membership is now 131 with 396 followers on Facebook. Share the posts that you will see in the weeks ahead advertising our Show.
Again this year, your paid membership and 2019 Membership Card will grant you free access to Naples Botanical Garden during our Show weekend. And NOS members will be allowed into the Garden at 8:00AM each day, an hour before the usual opening time of 9:00AM. The Orchid Show will be open early, too!
Please check your listing on the roster on our website. You can send Veronica an email to update your information right from the roster—just click her email address **skychik8@hotmail.com** or **naplesorchidsociety@gmail.com**

Diane Glover, Sponsorship Chair, reported on the Silent Auction in progress for the Clyde Butcher Photographic Print valued at $260. Another artwork was donated for Silent Auction, a handmade paper batik print of Paphiopedilum, values at $50. Add your name and bids to the clipboards near the easels. These items will be on display at our meetings only, not at the Show. Both Silent Auction items will be awarded at our March Meeting.

Kris Morton, Show Volunteer Coordinator, advised that Lanelle Bishop and Carolyn Booker need volunteers for the breakfast and luncheon, as well as other areas. If you can help with this, please contact **Lanelle Bishop lbishop52@gmail.com 239-352-1860 or Carolyn Booker Cbrnwcc@gmail.com 239-777-4814**
Kris reminded us that this is OUR Orchid Society and that many hands are necessary to make OUR Show a big success. Whether you are an exhibitor, a show hostess, or on the setup and take-down crew, every volunteer hour helps us reach that goal. Consider volunteering--even if you are not sure what job you can do, the Show Committee will ensure that you'll have a job that matters. Contact **Kris Morton kwmehm@comcast.net** and lend a hand!

David Orr, Show Co-Chair, remarked that the revised Show Rules and Awards Documents have been distributed to the membership and posted on our website on the ***ORCHID SHOW*** page, accessed by clicking a button on the home page of our website. Awards will be given to 1st, 2nd and 3rd place winners in many categories.
Last year, only 22 members exhibited at our show, and some categories did not have any entries. Consider bringing in an exhibit or plant.
David introduced our speakers **Elaine Gates** and **Kit Kitchen-Maran**, each presenting on preparing exhibits for our Orchid Show.

The Plant Table winners were announced, and Raffle winners were announced.

The meeting was adjourned.

- **Rhizome** – continuously growing horizontal stem that produces lateral growths at intervals.
- **Subterete** – incompletely pencil-shaped.
- **Terete** – pencil shaped.

FROM YOUR AOS REP

The excitement and anticipation is building. We are only days away from our annual show "The Magic of Orchids". I hope you are busy prepping your plants: cleaning those leaves, staking those flowers so they show properly. Get your creative juices flowing to do a wonderful arrangement or container. We need a good showing of orchids to make our show successful. So if it's blooming, bring it !

I always consider our show and its preparations to be a labor of love. *Marilyn*

From AOS "Growing Orchids Month-by-Month Checklist
By Robert M. Scully Jr.

- Sheaths will soon emerge on *Cattleya mosssiae* hybrids. Monitor their development so that moisture does not accumulate in the sheath and cause bud blast.

- *Phalaenopsis* grown in New Zealand sphagnum moss rapidly increase in one season. Make sure that the moss does not deteriorate before the flowering season, because a healthy root system is particularly important for the many flowers a plant may produce. Poor roots and lots of blooms may cause plants to become severely dehydrated, even to the point where reviving them is difficult.

- Fragrant *Dendrobium anosmum* (syn. *Dendrobium nobile*) hybrids flower this month. Do not neglect watering because dryness can cause bud drop in all dendrobium species and hybrids.

An Orchid Vignette—Dot .. Dot .. Dash — Dash — Yep, That's Morse Code

I like Cattleytonias which are a combination of *Broughtonia* and *Cattleya*. The *Broughtonia* is usually *Bro. sanguinea*. There are over 250 registered greges of *Cattleytonia*. I also like *Cattleya* Chocolate Drop. (*C. guttata* x *C. aurantiaca*) (photo 1). Here are a couple of Cattleytonias that have *C.* Chocolate Drop as a parent.

Cattleytonia Morse Code (photo 2) was created by Desmond Neuendorff of Australia and registered by him in 1995. He crossed *Cattleytonia* Why Not with *Cattleya* Chocolate Drop. As you can see from the photograph, it is a beautiful blend of the two parents, a very nice rich red with some yellow at throat of the lip. The plant is compact, the pseudobulbs and leaves together less than a foot tall. The clusters of flowers are produced on spikes that hold the flowers above the foliage. The flowers last for about three weeks and the plant blooms two to three times a year. Although a delightful flower, it has neither earned any AOS awards nor been desired as a parent for any registered crosses.

Cattleytonia Wataru Kimura (photo 3) was created by a Prof. Sagarik (an orchid "guru" from Thailand) and registered by him in 1983. He crossed *Cattleytonia* Keith Roth with *Cattleya* Chocolate Drop. This grex inherited more of the uniform garnet-red color of the *Ctna*. Keith Roth parent, and has only a little pinkish-white on the tip of the column and anther cap.

This is also a compact plant, only about six inches tall. The spikes bear clustered flowers extended above the foliage that last for about three weeks. *Ctna*. Wataru Kimura has garnered one AOS award. This grex is one that is not often encountered "in the market."

I keep all of these plants in clay pots in a mixture of lava rock, charcoal and Hydroton, in a west-facing pool cage in filtered sunlight and fertilize them "weakly" about once a week.

Of course, being "good orchids" their names have all changed recently. *C.* Chocolate Drop is now a *Cattlianthe*. So *Ctna*. Why Not, *Ctna*. Morse Code and *Ctna*. Wataru Kimura are all *Guaricattonia*. Still, whatever you call them, if you like small, compact, delightful, red-flowered Cattleya-like plants, check these out.

Make this YOUR Society! VOLUNTEER! Participate more in the activities of your society, be a volunteer!

From Kris Morton, Volunteer Coordinator – Kwmehm@comcast.net

This is our big money making event of the year. The proceeds we make from our show help pay for our speakers, rent at the church, insurance, scholarships, our NOS Holiday dinner with free orchids for members, next year's show and much more! Please contact me to volunteer for the following:

Set-up is Wednesday, February 20, 2019 (Naples Botanical Garden.) Unload trailer: 9:30 am. Set up PVC in Kapnick follows with covering PVC with black cloth at 10:30 am.

Thursday, February 21 is when members bring in displays/cut flowers, plants for the show.
See the rules & hours listed on the NOS website at www.naplesorchidsociety.org.

Friday is judging by AOS judges.

The Garden has asked us to open an hour early this year for the NBG members to attend. We need volunteers for the following hours and jobs:

Holding Area, Host/Hostess, 8 am – 10 am; 10 am – 12:30 pm; 12:30 pm – 3 pm; 3 pm – 5 pm, Saturday, February 23, Sunday, February 24.

Dog sitters, Sunday, February 24, 8 am – approx. noon (last dog check in is 11 am.)

Take down is Sunday, February 24 at 5 pm. Some displays will be left in Kapnick for a few days for the NBG "Orchid Week."

We also need members to ***bring food for our volunteers, vendors & judges***. Please contact **Lanelle Bishop at lbishop@gmail.com or Carolyn Booker at cbrnwcc@gmail.com.**

All members will be admitted to the Garden through the ticket office both days with their 2019 NOS membership card & ID. If you are volunteering during the show you will enter either through the ticket office or the south gate by the service using the code. **DO NOT USE THE EXIT DOOR AT ENTRANCE TO GARDEN!** The Garden keeps track of the attendance numbers for each day. This helps both NOS & NBG with numbers & we thank you & them for hosting us. The NBG asks that you please respect this request.

Thank you all in advance,

MITES

From "Growing Orchids is Fun"

Mites are one of the fastest reproducing insects. Life cycles can be as short as 5-7 days. Many times the damage is noticed before the insect is. They are usually found on undersides of the foliage. Spider mites are small and may be visible only with a magnifying glass. Their color is variable and can be reed, brown, or green. Severe infestations may produce a web. Damaged foliage is usually yellow and stippled, and sometimes black. Treatment for mites ranges from washing the upper and lower sides of leaves with soap and warm water to pesticides with insecticidal soap or pesticide products that specifically target mites. Several applications at weekly intervals are usually necessary.

CLYDE BUTCHER
Black & White Fine Art Photography

Clyde Butcher's monumental photographs celebrate the beauty of the natural landscape. The exquisite beauty and depth of his work draw the viewer into a relationship with nature. In the tradition of the nineteenth-century Hudson River School painters, Clyde composes his works at pristine and untarnished locations across the United States and world, creating arresting compositions that distinctly mark him as the foremost landscape photographer in America today. His photography transcends political boundaries, challenging us to work together to protect natural places across the globe.

Although Butcher will always be identified with the Everglades, he is deeply committed to recording precious landscapes throughout the world. The beauty and importance of Butcher's photography quickly earned widespread recognition resulting in museum exhibits in the United States, an exhibit at the National Gallery of Art in Prague celebrating the new millennium, and a request by the United Nations to photograph the mountains of Cuba to celebrate *The Year of the Mountains.*

In 1999, The Turtle Club opened on the grounds of the Vanderbilt Beach Resort, transforming the landscape of waterfront dining in Naples. Specializing in fresh seafood, fine steaks and chops served in a spectacular beachfront setting, the restaurant quickly became a favorite "secret spot" for local Neapolitans. The secret has been out for some time now, and the restaurant consistently has been voted the area's top restaurant for waterfront dining. With a focus on casually elegant fine dining, hospitable and caring staff, and outstanding food and wine, The Turtle Club wins rave reviews from loyal locals and out-of-state newcomers.
