A MESSAGE FROM OUR PRESIDENT

Dick Pippen
Rpippen@comcast.net

Greetings Orchid Lovers--As we begin a new year, with a new slate of officers (well, one new, the rest of us returning for another year, thanks to all of you), I just thought I would take a few minutes to tell you what I like about the Naples Orchid Society.

I like, what I call **"First Thursdays,"** the day each month that I can get together with fellow and sister orchid enthusiasts to brag about orchid successes, complain about orchid failures, enter a "friendly ribbon competition" for the "favorite orchids of the month," hear about some aspect of orchids from a "professional" and have a chance to buy more orchids (which I don't need, but always want ☺).

I like the **Annual NOS Orchid Show**, an opportunity to show off our great variety of beautiful orchids to each other and the public, have them judged for ribbons and awards by AOS accredited judges. And again have a chance to buy some new orchids from our select vendors.

I like our **Culture Class** offered during every January and February, an in-depth opportunity for some of our "experts" to share information about growing orchids with our members, especially our new members, and the general public.

I like our **Monthly Newsletter** that keeps me informed about activities and events of the Society between meetings. I like getting it by email.

I like our excellent **Website** that provides information to the public about our society and our activities and also has a "more private" section that supplies information for members only including the latest by-laws, guidelines for preparation of plants for the show and other important items.

I like our **December Holiday Potluck Party** when we get together to celebrate the end of the year, enjoy some excellent food prepared by our members (such great culinary experts as well as orchid experts), have an opportunity to buy orchid supplies from Broward Orchid Supplies, get a free orchid and just have a chance to "chat" with everyone.

I like **working with the other Officers and Directors of the Naples Orchid Society** whose role is to facilitate all these activities for the enjoyment and benefit of everyone. But most importantly I like **YOU,** the members of the Naples Orchid Society, that really make all these events possible and enjoyable. Thanks to all of you for your support. Let's make 2020 the Best Orchid Year Ever!! Keep your orchids happy!

Dick

Bus Trip to Tamiami International Orchid Festival and Expo

Saturday, January 18, 2020

http://tamiamiorchidfestival.com/

https://www.facebook.com/tamiamiorchidfestival/

FULL BUS—WAITLIST AVAILABLE

Checks or cash should be turned in November, December Meetings as it is First Come First Riding!
We expect a FULL BUS!
MEET AT: Tollgate Commercial Center 3845 Beck Blvd.,Exit 101 at 8:30 and leaving at 3:00 to return by 5:30 pm.
PRICE: $30 includes admission and bus ride! There's Room under the bus for purchases.
CONTACT: Lanelle Bishop at 239-250-8291 or 239-352-1860 or lbishop52@gmail.com
Carolyn Booker 239-777-4814 or cbrnwcc@gmail.com

Volunteer Appreciation: David Orr

Thank you for all you do David!

Proclamation

Let it be known that
The Naples Orchid Society
(and especially its President)
Expresses its Gratitude To

David Orr

For His Years of Service as
First Vice President and "Everything Else"

The Naples Orchid Society applauds David Orr for his dedication to the Society. The role of First Vice President is a demanding one requiring continued commitment including presence not only at regular monthly meetings but all special events, as well as arranging for and "taking care of" the monthly speakers (a "chore" which he dearly loves). David also has the responsibility to see that the hall is ready for our monthly meetings. He not only created the "hanging orchid chain" but assembles and disassembles it at every meeting.

As Co-Chairman of the Show Committee for several years (in charge of all the "hard stuff" like set-up and take-down), David has been a valuable resource, without whose assistance his other Show Co-Chair could not have succeeded.

The Society wishes David health and long life so that he may continue to carry on with his many "behind the scene" activities, especially now that he doesn't have to worry about contacting people by email!

Signed this 5th day of December 2019, for The Naples Orchid Society Board of Directors,

Richard Pippen, President

Thank You For 2019 Holiday Potluck Dinner

We had 98 attend the Party and An abundance of delicious food. We hope you enjoyed your Orchid Night Out. We thank ALL Our Pixies for helping. It is a generous team effort. We collected **4 Baskets full of canned goods for Harvest and plenty of leftovers for St. Mathews Home**. It was a hugh **SUCCESS** and we hope you made some new friends.

April 10, 2021: AOS Centennial Gala, American Orchid Society 100th Anniversary, 1921-2021.

…wonder if it was a CATtleya……

NOS member Mark Hudak reports that his new orchid from our potluck dinner December 5 was devoured by his cat after he brought it home. He's wondering if the grower had been using fish emulsion for fertilizer. Let us know if you have had this problem if you own a cat. I was lucky. My cat showed no interest in mine. *Kris Morton*

OUR NOS ORCHID DOCTOR CLINIC AT NBG CONTINUES THRU MARCH

IN PARTNERSHIP WITH NBG THE NAPLES ORCHID SOCIETY IS ONCE AGAIN OFFERING AN **ORCHID DOCTOR CLINIC** ON THE FIRST AND THIRD SATURDAY AFTERNOONS, 1 PM – 4 PM, RUNNING **DECEMBER 2019 THRU MARCH 2020.**

- NBG SETS UP A TABLE WITH CHAIRS UNDER COVER AT THE ENTRANCE TO THE GARDEN.
- NOS SUPPLIES THE HANDOUTS – (APPLICATIONS FOR NOS MEMBERSHIP, NOS CULTURE CLASS APPLICATION FORMS, CULTURE INFORMATION ON THE COMMON TYPES OF ORCHIDS, ALONG WITH UPCOMING EVENTS.)
- WE ANSWER ORCHID QUESTIONS ABOUT CULTURE, POTTING AND PESTS/DISEASES, ETC., ALONG WITH INFORMING THE PUBLIC ABOUT OUR UPCOMING NOS ORCHID CULTURE CLASSES STARTING IN JANUARY & OUR FEBRUARY NOS ORCHID SHOW & SALE.
- WE LIKE AT LEAST 2 NOS MEMBERS EACH SATURDAY.

PLEASE CONTACT ME IF YOU WOULD LIKE TO VOLUNTEER FOR ONE OR MORE OF THE SATURDAYS.

IT'S A GREAT WAY TO ENJOY A LOVELY SATURDAY AFTERNOON, MEET NEW PEOPLE, HAVE FUN & GIVE BACK TO THE NAPLES ORCHID SOCIETY.

CONTACT: Kris Morton Kwmehm@comcast.net
239-732-0407 (leave message if I don't answer.)

TASKS FOR JANUARY

From Florida Orchid Growing Month by Month by Martin Motes, PhD

- **Water judiciously, only early in the day.**
- **Run plants on the dry side to preserve the possibility of using water for cold protection.**
- **Check irrigation system in anticipation of cold.**
- **Flush excess fertilizer salts from cattleyas and other sympodials.**
- **Spray for mites, then, spray again in 7-10 days.**

Time to Renew!

Membership Chair Veronica Catrombon will be accepting membership renewals for 2020 at our January 2020 monthly meeting. You may also pay by check mailed to Naples Orchids Society, PO Box 7998, Naples, FL 34101, or by credit card at www.naplesorchidsociety.org

Single membership $40, Family membership $50.

Question about Membership? Email Veronica at **naplesorchidsociety@gmail.com**

AOS WEBINARS – COMING ATTRACTIONS

(registration required: www.aos.org/orchids/webinars.aspx - webinars are available to view at your leisure from the same page if you are not available at that time.*)*

January 9, 2020: 8:30 pm EST, Thursday. Topic: Orchid Travels in Peru. Presenter: Ken Jacobsen, Accredited AOS Judge.
January 16, 2020: 8:30 pm EST, Thursday. Topic: Greenhouse Chat (Orchid Q&A) – send in your questions! Presenter: Ron McHatton, Chief Education & Science Officer.
February 11, 2020: 8:30 pm EST, Tuesday. Topic: Large Flowered Cattleyas. Presenter: Art Chadwick, Founder Chadwick & Son Orchids, Inc.

Webinar announcements pre-posted to Facebook, Instagram and in the AOS Corner of your affiliated society's newsletter. Send your Greenhouse Chat questions and photos to: greenhousechat@aos.org.

JANUARY--FROM AOS "GROWING ORCHIDS" MONTH-BY-MONTH CHECKLIST

by Robert M. Scully Jr.

- The *Phalaenopsis* flowering cycle is about to start. Constant air circulation is essential to avoid *Botrytis*-spotted blooms. Water carefully to keep flowers dry & to minimize risk of soft rot in the fleshy leaves. Fertilize sparingly with a liquid or granular formula, & only when the medium is moist. Begin careful monitoring for scale & mealybugs on the inflorescences & undersides of leaves.
- Tie up *Cattleya* pseudobulbs. Watch for signs of red spider mites on the undersides of leaves or scale in the sheathing on pseudobulbs. Remove the sheathing (cataphylls) carefully so as not to nick the soft tissue of the newest pseudobulbs, which could result in rot or the introduction of virus.
- Continue to water sparingly, or not at all, on those *Dendrobium* species that require a dormant period before flowering this spring. (lindleyi, aggregatum, chrysotoxum, farmer, densiflorum, nobile or its hybrids.) As the buds emerge, gradually increase the watering frequency & amount. Do not expose evergreen-type hybrids to temperatures below 60 F., or plants in flower may drop leaves & buds.
- Fertilize moist *Vanda* baskets or pots at least twice this month if light levels are sufficient. Many of the popular Thai hybrids & the African angraecoids begin their winter flowering now, so watch for signs of inflorescens; "help" them away from the main stem of the plant to ensure proper display. Maintain high humidity in the root zone, particularly for those plants in slatted baskets. Mist the roots daily with a light spray from a spray bottle or hose.
- Keep the humidity conditions high around cymbidiums to prevent shriveling of the pseudobulbs & to prolong flowering. Later varieties are beginning to push up their inflorescences; watering frequ3ncy & volume is important to support their development. Cool temperatures are beneficial.
- Do not allow the roots of paphlopedilums to dry out. On a windowsill, use a pebble tray, with water in the pebbles, to increase humidity. Keep water out of the sensitive pouches; accumulated moisture shortens flower life. Watch for insects, particularly red spider mites, on the foliage.

More Orchid Terms from AOS

- ***acuminate*** *- tapered to a point*
- ***ciliate*** *– hair-like fringe*
- ***ovate*** *– egg-shaped with the narrow end up*
- ***pubescent*** *– covered in short, soft hair; downy*
- ***truncate*** *– abruptly terminated as if cut off*

Education Update

Kit Kitchen-Maran
Education Chair and Past President

Coming to a US Post Office near you in 2020!

Watch for the new issue of USA Forever Wild Orchid Stamps this year!

Dr. Lawrence Zettler from Illinois College, will be speaking at the unveiling of the new stamps by the USPS on February 21st in Miami, probably at Fairchild Gardens. Zettler, who has contributed so much new information about the SWFL native orchids, especially the Ghost Orchid (Dendrophylax lindenii), was invited by the Postal Service at the suggestion of Susan Wedegaertner, President of the American Orchid Society. The nine US native orchid species feature a few of the SWFL orchids (Spiranthes odorata and Calopogon tuberosis: and Triphora trianthophoros grows in Northern Florida) Anyway they are beautiful and will add to our notes, cards and bills! that we send. The ten new stamps will come in booklets of 20 and coils of 3,000 and 10,000 - in case you send a lot of mail. The postage rate for first class holds at 55 cents per stamp this year, but get them while they're available. They are sure to be hot items here in Florida.

Dr. Zettler is a recognized authority on native orchids and for the past eight years, he has sent his students (15 of them!) to the Florida Panther National Wildlife Refuge on NOS internships, to study and collect data on various facets of the nearly 50 native Florida species found in SWFL. The past five years, they have concentrated on the Ghost data, which has been coordinated with information collected on the Cuban variety of this orchid. As a result, Dr. Zettler has been able to publish scientific papers and speak at international conferences about this data collection, thus sharing his, his students' and colleagues' information, and furthering education about conservation and preservation of these orchids. He acknowledges our society for helping fund the interns and make this information available.

Soon, in February, there will be a conference in Havana, Cuba, where Dr. Zettler, Dr. Ernesto Mujica and Dr. Michael Kane will be presenting several research talks on the Ghost Orchid 5-year data which our NOS interns have collected. This conference is an international one linked to the United Nations. In addition, Zettler will be presenting this information that NOS has helped make possible, to the 23rd World Orchid Conference in Taiwan in March. This will probably be published as part of the conference proceedings. In addition, another paper related to the Ghost will soon be published as well.

Our society, through our intern program, is very active on furthering our goals of education, conservation and preservation of our native orchids as declared in our mission statement. Good for us!

Do You *Smile* When You Order From Amazon?

If you order from Amazon, did you know that you could also support Naples Orchid Society with your purchase at no cost to you? Go to **smile.amazon.com,** it's the same company, same prices, same account and same everything, except Amazon will let you name a non-profit organization and donate 0.5% to it. NOS has already been registered and linked, but you will need to go to this website and name us as the organization you have chosen for the donation to go to. Remember to go to smile.amazon.com to order using your same account login and password for your Amazon account. Bookmark it so you will have a reminder. And **THANKS** for supporting your Society!

Fundamentals of Orchid Growing

Class Dates are January 11 – February 15, 2020.
https://naplesorchidsociety.org/culture-class/

Registration form for 2020 to complete and send with your payment may be found **HERE.**

The Orchid Culture Programs will be presented in the **Buehler Auditorium at the Naples Botanical Garden,** 4820 Bayshore Drive, Naples, Florida, for six consecutive Saturdays beginning in January and ending in February. Programs begin at **9:30 AM and end at 12:30 PM** (the six classes will each be three hours long with one break). A Handbook with over 100 pages containing Culture sheets and other valuable information plus a guidebook will be given to each registrant, as well as some blooming size orchid plants. A Flash Drive with all six lectures will be available at cost of the flash drive (optional).

Cost will be $75.00 for members, $120.00 for non-members, for all six classes, payable with application. Payment is required to reserve your space. Application fees are not refundable, except in an emergency.

TOPICS PRESENTED BY OUR OWN LOCAL EXPERTS INCLUDE:

What Makes an Orchid an Orchid
Cattleyas and their Relatives
Dendrobiums and Phalaenopsis
Oncidiums and their Relatives
Slipper Orchids & Catasetums
Vandas and their Relatives
Orchids for the Beginner and the Collector
Pests and Diseases and "Cures"

If you have any questions before the classes start, please email info@naplesorchidsociety.org and put "Dr. Pippen" in the subject line.

An Orchid Vignette—Who Done It—Somebody Must Know

Contributed by Dick Pippen

There is an orchid—*Blc*. Limefrost—that has basically green flowers with a touch of purple in the throat (and for the life of me I cannot find a picture of the flower, so you have to take my word for it). For a long time, I resisted adding one of these to my collection because I convinced myself that I didn't like green-flowered orchids (then why do I have several ☹). So, after several months of resisting I got a bareroot division from Jade Orchids at a time that I was volunteering there, that was in February 2016. I potted the division in a 5" plastic pot in a bark mix and "stuck it on the shelf." A year or so later the plant flowered, and has flowered regularly once a year, usually in October-November, but unfortunately you can see from the picture (photo left below) that it "ain't" Limefrost. Well, maybe that is not so unfortunate.

While it is not *Blc*. Limefrost, it is a nice flower in its own right. This hybrid is an unregistered cross between *Blc*. Fortune and *Cattleya* Interglossa. When it was created, and by whom, is the "who done it." Somebody must know but I don't and no one I know knows. Several of you may have this in your collection because Jade Orchids was quite generous in donating quite a few bareroot divisions for some of our NOS Fall Orchid Sales.

Since this is an unregistered cross we should take a look at the two parents. It is quite interesting to see how unlike this hybrid is from the parents.

Blc. Fortune (photo right) is a cross between *Cattleya* Memoria Albert Heinecke X *Blc*. Xanthette. It was created by Stewart Inc. and registered by them in 1963 when they were still in California. This hybrid has been used as a parent in 184 crosses and has a total of over 1,600 grandkids, so it has been a popular "breeder." It has earned 12 AOS Awards, the most recent in 2008, but most of them in the '90's.

Cattleya Interglossa (photo left) is a cross between two very famous *Cattleya* species: *Cattleya amethystoglossa* and *Cattleya intermedia* (clever name combining the two species of the parents—"inter" from intermedia, "glossa" from amethystoglossa). This hybrid is a real "oldie but goodie," having been created by E. Thayer, of Lancaster, MA and registered by him in 1902. I am guessing that he was a hobby grower, but he did register 20 hybrids. Interglossa has been used as a parent in 114 crosses and has about 100 grandkids. It has earned 12 AOS and international awards between 1978-2017.

Oh yes, *Blc*. Fortune and *Blc*. Xanthette are now *Rlc*. And the photos of *Blc*. Fortune and *C*. Interglossa are borrowed from OrchidWiz. So, if your heart is not set on Limefrost, try this cross. Jade Orchids should still have some available.

to be raffled at show
9225 Gulfshore Drive N
Naples, FL 34108
239-592-6557

In 1999, The Turtle Club opened on the grounds of the Vanderbilt Beach Resort, transforming the landscape of waterfront dining in Naples. Specializing in fresh seafood, fine steaks and chops served in a spectacular beachfront setting, the restaurant quickly became a favorite "secret spot" for local Neapolitans. The secret has been out for some time now, and the restaurant consistently has been voted the area's top restaurant for waterfront dining. With a focus on casually elegant fine dining, hospitable and caring staff, and outstanding food and wine, The Turtle Club wins rave reviews from loyal locals and out-of-state newcomers.

239-597-1111

Artis—Naples is the premier destination for the visual and performing arts in Southwest Florida. We are driven to inspire, educate and entertain by presenting world-class events that enrich our community. With the generous support of our patrons, we offer a unique range of programs — including music, film, dance, comedy, lectures and exhibitions featuring internationally acclaimed artists. Our interdisciplinary approach cultivates a broader appreciation for art in its many forms.

$60 value
